Micki's Magic

By Dan Scott

The Mickster & I had a chat last night & she asked that WE share an old "non seafood" recipe that she insisted I prepare at least once a month. She coined it "**Dungy Dans Mighty, Marvelous Meatloaf**" & trust me, it is. DO NOT deviate in any way shape or form from the following or evil stuff may happen??? Eat hardy & enjoy! Dan Scott

KEN & MARI CHAMBERS
By Don New-Director of Communications

So how does one get started on an initial draft for our newsletter's column dedicated to honoring CCA members? The selection was a no-brainer. But closing the deal was more complex when your chosen subjects prefer stealth volunteerism over the limelight. [READ MORE](#)

2nd Annual Summer Fun for the Fish

July 16, 2023

It was a fine time on the Clack!

A good time was had by all!

The day was hot for the *2nd Annual Summer Fun for the Fish* held on Sunday, July 16th at Milo McIver State Park, but that didn't hinder the fun. The burgers from **Joe Daddy's** might have been even more delicious than last year.

Kids went home from the event excited about their day and the prizes they won while learning to cast a fishing rod & throw a disc (frisbee). Many of the kids painted rocks, ran a sack race, played tug-of-war & cornhole, cooled off under the mister tent, and were awarded the opportunity to throw water balloons at a volunteer. Almost everyone enjoyed a sno-cone.

There was an excellent array of bucket raffle items. Even with fewer attendees, the number of raffle tickets sold was more than double the amount of last year's. Everyone wanted their chance at some great prizes. Doug Naef was the raffle winner of the Daniel Boone Green Mountain Grill.

The goal of this event is to show membership appreciation and to get kids involved and interested in fishing. We hope those of you that missed the event will join us next year for **Summer Fun for the Fish!**

Tentatively, next year will be Saturday, July 27, 2024.

BECOME SORT OF FAMOUS.

CCA Oregon Advocacy Update

By Heath Heikkila
CCA Pacific NW Fisheries Director

CCA continues to advocate on behalf of the conservation of our fishery resources and anglers' access to them. Many of our fisheries continue to be subjected to commercial overharvest while the resource itself and recreational fishing opportunities suffer.

Read more about the latest updates and how you can get involved:

- Legislature mandates third-party review of ODFW hatchery operations.
- CCA weighs in on southeast Alaska Chinook salmon troll fishery.
- Fishery management decisions punish Columbia River recreational fisheries.
- Legislation passed to change composition of ODFW Commission.
- Washington Columbia River gillnet license buyback update.
- Oregon Government Relations Committee – get involved!

FISHING TIP FROM CHRIS V.

Chris V's Guide Service

www.chrisvsguideservice.com

A NORTHWEST ANGLING EXPERIENCE

It may sound a bit trivial, but I'm a big advocate of sticky, sharp hooks.

The EZE-LAP diamond hone is a importance tool in my opinion. They run about 7 bucks and available at Fisherman's Marine as well as other outdoor stores. I keep at least one in each of my boats and in every tackle box. Sometimes a hook needs a touch up to keep it sticky sharp. With todays pre-sharpened hooks, the old school yellow handled files take off too much metal and eat away at the long slender point. The EZE-LAP can either touch up or renew a dulled point. They can also touch up a dull pocket knife if needed. The EZE-LAP is a cheap investment that pays dividends.

Chris Vertopoulos
